

COOPERATION IS URGED TO REDUCE HIGH LIVING COST

Must Shorten Bridge Between Producer and Consumer

(By The Associated Press)
INDIANAPOLIS, Ind., June 28.—Declaring that the need of the present is to shorten the bridge between producer and consumer, President Harding, in an address here today proposed a plan of co-operation among consumers, financed in part at least through a carefully organized and supervised adoption of principles of the savings bank or the building and loan society.

"I believe the suggestion is worthy of careful examination and consideration," the president asserted. "I am convinced that its adoption will be fruitful of good results and a reminder to some who are disposed to take unreasonable tolls from both the consumer and the producing public, that this public has the right, the power and the ability to devise means to protect itself."

The president further said that as a result of studies and investigations he hoped to be able to recommend for the consideration of the congress measures which shall represent a beginning along this line.

"One of the most engrossing problems of our time, confronting all countries and all societies, is the exorbitant costs of living," the president said. "We realize that the real producer under our elaborate and costly system of distribution, is not permitted a fair share of his product for his own use and enjoyment. We have become convinced that somehow our system of distribution has grown too cumbersome, too costly, too complex, too indirect, too unrelated to the interests of real producer and legitimate consumer. We must find methods to take up as much as possible of the slack in the long line between producer and consumer; to give the producer a better share in that which he furnishes to the community, and to enable the consumer to meet his requirements at reasonable cost."

"To this end many experiments have been made in co-operative production, transportation, distribution, and purchasing. To a great extent, these experiments have proceeded from the desire to save money, and to the extent of saving money, they have been successful. But for the spirit of co-operation the willingness to be mutually helpful, the determination to give first place to the interests of the community you could not have made your way what it is."

"Working co-operations on a great scale practical in operation and inadequate to cope with our problems can never be possible except where there is this spirit of determination, and purpose. It is because the west has led so far in devising such workable programs that I have thought to say a few words along this line today."

"Developments of the last generation have brought the instrumentalities of transportation, of finance, of corporate organization and operation into closer harmony with the true public interest than ever before. Government has sought to make itself helpful, to point the way to remove ancient barriers of custom or tradition, and to curb the excessive demands of privilege, in order to cheapen for the great public many of the services which formerly were dominated by the private interests and operated for too exclusive a consideration for private profit."

MOOSE PLAN FOR RENEWED EFFORT IN CHARITY WORK

Urge Especially Better Care of Mothers and Infants

(By The Associated Press)
AURORA, Ill., June 28.—Resolutions outlining a year's effort in child welfare work, betterment of conditions in public charitable institutions, poor houses and orphan asylums, pledging opposition to radicals and urging better care for mothers and infants were adopted at the thirty-fifth annual convention of the Loyal Order of Moose at Mooseheart, Ill., today.

The convention voted to hold the next annual convention in New York. Senator James Watson delivered the principal address to-day discussing the importance of fraternalism in the civilization of today.

The convention favored a plan whereby each state or government unit provide sufficient aid for competent mothers with children dependent on them to allow the mothers to maintain the children in their own homes. Where this is impossible the convention declared the children should be maintained in institutions giving as nearly as possible a normal home life and that the family should not be further broken up by the separation of brothers and sisters committed to such institutions.

Other resolutions supported reforestation and asked that each Moose lodge plant a tree at Mooseheart, urged better facilities through the country for maternity and infant care, urged observance of Mothers' Day and Fathers' Day and closer relations between the members of the individual family called for the dissemination of more information concerning the flag and its proper use, declared a need for more public playgrounds, endorsed the campaign to limit the amount of narcotics to be admitted to the United States and pledged support to representative democracy in government.

INDICTMENTS OF MINE WORKERS ARE DISMISSED

Daugherty Takes Action At Indianapolis Thursday

(By The Associated Press)
INDIANAPOLIS, Ind., June 28.—While indictments against 226 operators, officials of the Mine Workers' Union and mining companies returned here February 25, 1921, were dismissed in the United States district court here today on motion of United States Attorney General Harry M. Daugherty, indictments against 125 operators and officials of the union returned November 8, 1920, under the Lever act, remained on the court docket.

The indictments dismissed were returned under the Sherman anti-trust law, and it was generally believed the latter superseded the indictments returned in 1920, although neither case was ever called for trial. All of the defendants in the case remaining on the docket were named in the indictments dismissed and practically the same charges are set out. All defendants in the original case are free on their own recognizance and the court records show the cases indefinitely postponed.

Attorney General Daugherty said tonight he would take no action on the Lever act cases for some time and may let it go over until fall. He indicated his action on it was not fully determined but intimated he would ask the federal court to wipe the slate clean.

NEW REGULATIONS TO SEIZE VESSELS IN TENTATIVE FORM

Putting Them Into Effect Depends Upon Shipping Lines

(By The Associated Press)
WASHINGTON, June 28.—Treasury officials revealed today for the first time that the proposal to seize liquor carrying liners in American waters had reached the stage where new regulations to carry such a policy into effect had been drafted in tentative form and were in the hands of the prohibition unit.

Whether the ruling is to receive final approval and be put into execution depends on the foreign shipping lines themselves. Acting Secretary Gilbert said today he hoped such a course would be unnecessary but it was reiterated at the treasury that a continuance of the present open disregard of the prohibition on importation would be dealt with in as vigorous a manner as developments warranted.

Mr. Gilbert's statement is understood to have been made after he had heard that several of the foreign shipping companies were ready to abandon their program of bringing to this side of the Atlantic under seal a sufficient stock of bar liquor to supply passengers on the return voyage. He had said previously that this government could not continue to tolerate what was regarded in some quarters as a studied effort by the foreign shipping companies to ascertain how far they could go in the attempt to bring beverage liquor inside the American three mile limit.

Information in the hands of treasury officials is said to indicate that few, if any of the vessels, whose bar supplies have been seized by American officials will repeat the attempt.

MINONK PEOPLE HURT IN AUTO WRECK

Both Clara Gramp and Urban Manley Killed

(By The Associated Press)
BLOOMINGTON, Ill., June 28.—Five young people of Minonk were injured in an automobile wreck near Toluca, Wednesday night, two of whom are in a serious condition.

Frank Janssen, Urban Manley and the Misses Clara and Edna Gramp and Henrietta Kelm were enjoying an automobile ride and when they neared Toluca they stopped for refreshments. Frank Janssen owner of the car speeded up to show off his new automobile. Striking the Altan crossing he lost control and 200 feet farther on, the car changed directions and turned on its side. First aid was given and all were taken to Minonk.

Both Clara Gramp and Urban Manley were killed last night, the former with internal injuries and the latter with a possible skull fracture, the others being badly bruised and perhaps with broken bones, are assured recovery.

Both Clara Gramp and Urban Manley were killed last night, the former with internal injuries and the latter with a possible skull fracture, the others being badly bruised and perhaps with broken bones, are assured recovery.

Should Not Compete With Private Ships

(By The Associated Press)

CINCINNATI, O., June 28.—Declaring it is not fair to require private ship owners to operate their vessels in competition with government owned ships, having back of them the United States treasury, former United States Senator Atlee Pomerene, of Ohio, renewed his allegiance to the American merchant marine and said that the American people want it.

Senator Pomerene spoke tonight at a dinner which closed the first day session of the farmer-manufacturer foreign trade conference held under the auspices of the middlewest foreign trade and merchant marine committee.

President Oliver E. Bradford of the American Farm Bureau federation said that in framing a program for the next merchant marine bill, "we should steer clear of controversial questions and find out where we all can find a common ground."

He stressed the magnitude of the agricultural industry in America and said a million farmers of every type which his organization represented were eager to do anything feasible which would result in the finding of a steady market for American farm products in foreign countries.

FRENCH LINER HAS BIGGEST SUPPLY OF WET GOODS SO FAR

Rochambeau Arrived from Havre Thursday Afternoon

(By The Associated Press)
NEW YORK, June 28.—A few hours after customs officials had broken the French government seals on the liner Suffren and removed 2,227 litres of wines and liquors, the liner Rochambeau arrived in port today from Havre with one of the biggest supplies of wet goods to come in since the treasury department ruling prohibiting the transportation of liquor over the three mile limit.

French line officials said they had received no word of any court action to be taken and that if a test case were made it would be undertaken by government officials. Beer was barred as a medicine from all ships entering or leaving United States territorial waters, according to instructions received by Dr. E. K. Sprague of the U. S. Public Health Service, from Washington late today.

Representatives of Italian and French Steamship lines said the beer ruling would conflict with their own shipping laws which provided the use of beer and wines as medicine. Protests would be filed they said.

Representatives of Italian and French Steamship lines said the beer ruling would conflict with their own shipping laws which provided the use of beer and wines as medicine. Protests would be filed they said.

BANKING LAWS OF STATE TIGHTENED BY NEW MEASURES

Three Banking Laws Signed Yesterday by Governor Small

(By The Associated Press)
SPRINGFIELD, Ill., June 28.—The state banking laws were tightened today when Governor Small signed three bills designed to plug leaks in the existing laws. One of the measures prevents a bank from establishing "any branch bank, branch office or additional office or agency for the purpose of conducting any of its business." This measure was introduced by Representative Hairgraves.

Another banking measure signed by the governor was Senator Cuthbertson's bill providing that applications to organize banks must be signed by a certain number of residents of the territory to be served and specifying the minimum capital stock of banks according to the population of the territory in which they are located. The bill also requires each stockholder to file with the state auditor an affidavit that he owns property, not including bank stock of a market value equal to the par value of his bank. This measure, under the general banking law, must be referred to the people for adoption.

The third banking bill, also introduced by Senator Cuthbertson, makes it unlawful for any person or firm, other than a government department or a corporation organized under the banking laws of Illinois to engage in the business of buying and selling foreign exchange and the transfer of money to foreign countries without a license issued by the state auditor.

Votes Four Measures
A total of 27 measures were signed and four were vetoed today by the governor.

FORMER ILLINOIS MAN STARTS FOR THE PENITENTIARY

Bert J. Lowe Refused Writ of Supersedas by High Court

(By The Associated Press)
GREELEY, Colo., June 26.—Bert J. Lowe, convicted of the murder of his pretty sister-in-law, Miss Edna Fern Skinner, Leroy, Ill., school teacher, and sentenced to life imprisonment, started his journey to the Colorado penitentiary at Canon City today. Miss Skinner was slain in Greeley, July 2, 1922, while a visitor at Lowe's home.

The Colorado state Supreme Court denied Lowe's application for a writ of supersedas last Monday. Evidence introduced at Lowe's trial tended to show that Lowe had killed Miss Skinner with a blunt instrument and set fire to the kitchen of his home to cover the crime.

A short time before the school teacher's death, Lowe, who was a life insurance salesman, admitted he had written a policy on Miss Skinner's life which named him as beneficiary.

A short time before the school teacher's death, Lowe, who was a life insurance salesman, admitted he had written a policy on Miss Skinner's life which named him as beneficiary.

FIRST MEETING OF IOWA GOOD ROADS MEN HELD THURSDAY

Object of Organization is Lifting the State Out of the Mud

(By The Associated Press)
DES MOINES, Iowa, June 28.—Delegates to the first state meeting of the Iowa state good roads association, tentatively organized thirty days ago, pergeated a permanent organization elected officers and adopted a platform that they believe is the solution for "lifting Iowa out of the mud" here today.

H. B. Alfure of Newton was elected president; E. T. Meredith, Des Moines, former secretary of agriculture was named vice-president; Louis H. Cook, Des Moines, secretary.

The report of the finance committee as adopted provides that not less than \$300 be obtained from members in each county for carrying on an educational campaign.

The platform designed to eliminate road fights and bring about a comprehensive steady development of roads thruout the state was adopted without opposition as presented by the committee. It sets forth 15 platforms which the association will support in its efforts to rush to completion the improvement of all highways in the state.

BOY CONFESSES TO MURDERING FOSTER MOTHER AT AUBURN

Had Previously Told That Tramp Committed Deed

(By The Associated Press)
SPRINGFIELD, Ill., June 28.—While a posse of farmers was searching the country tonight near Auburn, 15 miles south of here for a tramp supposed to have murdered Mrs. Mary Seales, a 75 year old widow, as she sat at her noon day meal, her 15 year old foster son, Ivan Wooten, confessed, according to police, that he had committed the murder.

According to the boy's story he killed the woman to gain his freedom from the home where he lived three years. He had been planning the murder and the story he was to tell for three days he said.

The lad was sent to Mrs. Seales, who lived in the country, two miles east of Auburn, from the Edgar county home at Paris, Ill. His own mother died three years ago and his father is living in Iowa, he told the police.

Early this afternoon the boy went to a neighbor's house and announced that a strange man had shot Mrs. Seales twice when she refused to give the man food or work. With a detailed description furnished by the boy neighbors immediately arrived at the Seales home tonight where they discovered a 22 caliber rifle behind the door. It contained an empty shell. Suspicion immediately fell on the Wooten boy and when confronted with the weapon he is said to have confessed.

He said he left Mrs. Seales sitting at the dinner table and went around the house to the kitchen door where he fired one shot at her.

The boy ascribed his deed, the authorities stated, to a desire to get out into the world and earn money for himself and he believed if his foster mother were out of the way, he would have his freedom. He was a member of the boy scouts, attended Sunday school regularly and is apparently normal mentally. The lad was brought to Springfield tonight and placed in the county jail.

Dr. Tikhon said he would check up the counter revolutionary activities of Bishop Antonin of the living church and foreign priests and he thought they would surely obey him.

Dr. Tikhon said he would check up the counter revolutionary activities of Bishop Antonin of the living church and foreign priests and he thought they would surely obey him.

BRITISH SECRETARY MAKES STATEMENT ON LIQUOR SEIZURE

Curzon Says Present Situation a Most Delicate One

(By The Associated Press)
LONDON, June 28.—Marquis Curzon, secretary for foreign affairs made a long and important statement in the house of lords today in reply to Lord Birkenhead who called attention to the seizure by the United States of liquor on British vessels.

The secretary declared there was no chance of Great Britain agreeing in any circumstances whatever to the proposal that the United States authorities be given the right to search vessels for liquor within the 12 mile limit.

The government, he added, was fully alive to the importance of the case and all channels of diplomacy were being utilized to find an exit from a situation which was undoubtedly disagreeable and ought not to be allowed to continue.

Lord Curzon explained that it was a very difficult and delicate matter raising grave issues in both international law and policy. The British government was not concerned with American prohibition which was a matter of domestic policy, in which the British government was not interested in expressing an opinion neither would he discuss the interpretation of the United States supreme court on that country's laws.

OTHER CONSIDERATIONS

That is the strict interpretation of the law, but there are other considerations of scarcely inferior validity and importance.

The principles to which I have referred cannot be pushed to extremes, but must be applied with moderation and good sense.

"A ship is a traveling unit passing from one state to another and therefore cannot escape the necessity of complying with other legal systems which may be in conflict with the law of the particular country it happens to be visiting. Furthermore it is universally recognized that a ship has a particularly close relationship to the state whose flag she flies, and on many matters it is generally convenient that all governments should recognize the law of the flag state as paramount."

"The net result of this has been that on many matters the practice has grown up that a state should not exact compliance with its own law, even though a ship is within its waters but leave such questions to be regulated by the law of the flag state."

"This, however, is international practice, rather than international law, and accordingly departure from it means a breach, not of international law, but of the comity of nations. Thus if a nation acts unreasonably toward the ships of other nations the latter may retaliate."

"This, however, is international practice, rather than international law, and accordingly departure from it means a breach, not of international law, but of the comity of nations. Thus if a nation acts unreasonably toward the ships of other nations the latter may retaliate."

NO HOME TRAINING

The head of a municipal "household of domestic relations," whose work has made him unusually familiar with the causes of divorce, holds mothers responsible for a great many of them.

"Too many couples," he says, "who have been married in the last 10 years, have done so without having had adequate home training. Often the girl is totally unprepared to be a homemaker. The girl of today, though she has her domestic science courses in high school and college, very often has had no practical training at home from her mother before she marries."

This is substantiated by experience on every hand. The emphasis is placed on the lack of training for the girl, as it should be in the matter of homemaking, but the boy's training is almost as important. How can two people be expected to set up and manage a happy, smoothly running home, if neither of them has been shown, by example and teaching, the practical work of operating such a home? Homes do not "just happen." Somebody has to make them; and there is no more difficult task in the world.

DISASTERS

The falling of a train from the Brooklyn elevated line the other day may be taken as typical of all disasters. One reads the account of the wreck itself with a sort of sick horror which dries the throat and holds the breath. It is when one comes to the swift taking

hold of the forces of order that one finds the eyes wet.

"It seemed for a moment that fire would add to the horror—and then all the fire apparatus in Brooklyn seemed to arrive simultaneously. In a few moments the fire was out." In no time the police reserves had run a cordon of 175 men around the wreck. Taxi drivers threw their neckless skill into the job of getting patients into hospital. The Post-office, the Red Cross, the Salvation Army—all the organized forces of a great city jumped into action. In 45 minutes the last victim had been cared for.

When San Francisco was toppling and burning, the thing that stood out over all else was the precision and speed with which Uncle Sam's men from the Presidio took hold of the city. In a breath, the city was organized. Looters were being shot, food was being rationed, the work of clearing and straightening had begun. In every American disaster the tale is the same, be it fire or flood, earthquake or railroad wreck. America has trained its forces to expect disasters, to know just what to do to mitigate their consequences, and to do it instantly.

Could not America, with its efficiency, its genius for organization, do something to prevent its disasters? Workmen building levees, replacing rotting timbers with sound new wood or fireproof steel may be less picturesque and appealing to the imagination than men in uniform coming to the rescue. But are the constructive, preventive forces, in reality, less heroic?

CENTRAL CHRISTIAN CHURCH WOMEN PICNIC

End Reading Contest That Has Been in Progress for Past Six Months.

The Women's Missionary society of the Central Christian church have been engaged in a reading contest for the past six months and the end came last night when the contestants met in the basement of the church for an indoor picnic.

The contest was in the reading of missionary periodicals, books, religious literature and the bible. The society was divided into five teams captained by the following ladies:

A—Mrs. Ida Kitner.
B—Mrs. Emma Taylor.
C—Mrs. Lena Knapp.
D—Mrs. Frances McKean.
E—Mrs. Aileen Rice in charge of what was known as the Home Division.

Team C, captained by Mrs. Lena Knapp won the contest with a total of 10,659 points and by the rules of the contest they and the Home Division were entertained by the other teams at a supper which was held in the church basement at 5:30 o'clock. The original arrangements called for a picnic at Nichols park but on account of the bad weather it was changed to the church.

Those in charge of the arrangements were Chairman, Mrs. Aileen Rice who is also president of the society, Mrs. M. L. Pontius, Mrs. Ida Kitner, Mrs. Ida Kitner and Miss Viola Huff. After the supper the time was spent socially with a few extemporaneous speeches.

WILL PICNIC

THIS AFTERNOON

The Go To Church club of Centenary church will hold their picnic at Nichols park this afternoon. This club is under the direction of the pastor of the church, and has only one rule, to attend church 10 Sundays out of the 13 of each quarter. Record of attendance is kept by means of a punch card, and those having the required 10 marks are entertained at the end of the quarter by the pastor. The entertainment this quarter is the picnic.

The children will meet at the church at 2:30 and will be taken to the park in automobiles. Refreshments will be served at the park.

ANIMAL DISEASES ARE ON THE DECLINE

(Editorial, The Weekly)
(Kansas City Star)

Without stopping to make a definite reckoning, few of us realize the rapid progress that is being made in reducing the loss of live stock from disease. We need to go back only a few years to find an untrained, unscientific horse doctor as the only aid the farmer had when his animals became ill. The veterinarian of that time was a strange admixture of prejudice superstition and tradition; the veterinarian of today is a practical scientist. Then when a highly contagious disease, like dog cholera or blackleg broke out in the herd the farmer was totally helpless; all he could do was to watch his animals die. Now he calls a veterinarian, who administers a serum, and the disease is under control. Better still, the thoughtful farmer has his animals immunized before they become ill and these destructive diseases are held in complete check.

Fortunately in that earlier day our animals had plenty of room, our farms were infested to a less degree by diseases and parasites and there was less chance of contracting diseases than now. It is safe to say that if we had no better control of animal diseases and parasites today than we had then we could not maintain our live stock industry on its present intensive scale.

Illustrating concretely the effect of our progress in controlling animal diseases the year book of the department of agriculture for 1922, just off the press, states the annual loss of horses from diseases has been reduced from 22.3 per thousand in 1895 to 16 in a thousand in 1922. At this reduced rate of loss 150,000 fewer horses and mules die from disease in the United States a year now than died thirty years ago. Assuming an average value of \$50 a head as conservative estimate, the saving at this point alone amounted to 7 1/2 million dollars. This saving is not made once in a lifetime, but every year, and it is growing greater because the losses are becoming smaller all the time.

Not all of this saving, of course, is due directly to the ministrations of the veterinarian, for the horseman has in the meantime acquired much knowledge of sanitation and provides better conditions for his horses and

mules and feeds them more intelligently than before. Yet this is another phase of the influence of veterinary medicine on farm practices.

The loss of hogs from diseases and parasites the reduction has been even greater, as would be expected. In 1895, 92.3 hogs out of every thousand died of disease; in 1922 this loss was 54.4 a thousand. In 1896 the loss reached the high point of 127 per thousand and in 1911 fell as low as 1 a thousand. This means a saving of some 2 1/2 million hogs a year from death due to the complete control we now have over hog cholera and to better methods of sanitation. These hogs have a value on a conservative estimate of some 20 million dollars. Of more consequence than the aggregate value is the effect upon the individual hog raiser. Now that we can control hog cholera, the tenant farmer or the man of small means is able to raise a bunch of hogs without fear of losing them after he has invested his year's corn crop in them.

If all the savings caused by the practicing veterinarians were added together a staggering total would be reached. Of even more importance than this saving is the service of the veterinarian in conserving the health of the human family. It is not too much to expect of medical science that the insidious disease, tuberculosis, may ultimately be stamped out of our country, but it cannot be accomplished without the help of the veterinarian. Be it said to the credit of the veterinarians that they have been the leaders in the movement to make the United States free of tuberculosis. We do well, therefore to honor the veterinary profession. We do well to support generously the colleges educating men for this important profession, that they may be more scientific and more practical in their practices and that they may be of the highest type of citizens. We are merely promoting our own welfare when we give generous encouragement and support to the patient workers in the veterinary laboratories in the colleges and the department of agriculture where the discoveries were made upon which new science is based and where discoveries are being made that will determine the progress of this indispensable service to agriculture.

is now being shown in the Scherrer bakery window, the work of Miss Evelyn Scherrer, while she was attending school in St. Louis last winter. The display is very beautiful and shows the progress which she has made in her work.

Mrs. John Lashmet and daughter, Miss Ella May arrived from Galesburg yesterday for a visit with relatives and friends.

FORMER RESIDENT LAID TO REST

Mrs. Caroline Davis, former resident of Griggsville was laid to rest in the cemetery at Griggsville yesterday. The services, which were held at the graveside, were in charge of the Rev. F. S. Metcalf pastor of the Baptist church in Griggsville.

Deceased was born March 11, 1849, and departed this life June 26, 1923, at the age of 74. She was the widow of Thomas R. Davis, who owned a barber shop in Griggsville 30 years ago. For the past 12 years the deceased has made her home with her daughter, Mrs. Lottie Belles, of Grand Rapids, Michigan, who cared for her with great love and devotion.

The body was accompanied to Griggsville by Mr. and Mrs. Fred Belles and granddaughter, Miss Milo Brown of Grand Rapids; Mrs. Harriette DeWitt and Rev. J. W. Kirk of this city and Mrs. Lucille Ray, of Battle Creek, Michigan.

She is survived by the following brothers: Rev. J. W. Kirk of this city, Henry Kirk Chicago, and two half brothers, Bland Brown, this city, and Riley Brown Denver.

BOOTLEGGER ENTERS PLEA OF GUILTY
In the county court yesterday Stephen Seymour appeared before Judge Samuel and entered a plea of guilty to a charge of selling liquor. The circumstances surrounding the case were such that this defendant was not called upon for a severe penalty as was true of some others who appeared in the county court during the week.

Judge Samuel gave Seymour a jail sentence of 20 days and imposed a fine of \$50 and costs.

Mrs. Winnie Harris left Thursday noon via the Wabash for Denver, Colo., where she will visit for a short time.

KIWANIS HEAR TWO SPEAKERS

Dr. M. G. Terry and Harry W. Clark Address Local Club—Remarks of Both Men Interesting.

Two visiting speakers were present at the weekly Kiwanis luncheon at the Peacock Inn yesterday noon. They were Dr. M. G. Terry, director of the Illinois Woman's College endowment campaign, and Harry W. Clark, of the Vesper-Buick Automobile Co., of St. Louis.

Dr. Terry in his talk emphasized the point that Jacksonville's colleges are what has made it known throughout the country. He said, "The graduation of William Jennings Bryan from its halls, has reflected glory upon Illinois college throughout the nation. Soon there will be a campaign put on in this state for the endowment of Presbyterian institutions of learning in which Illinois College will participate. When that time comes we will all roll up our sleeves and help put it over." The speaker then referred to the Woman's College campaign and cited various college endowments in other sections that were overwhelming successes in communities not as rich or large as our own.

Mr. Clark, the automobile man, spoke of the great Buick plant at Flint. "The first car bearing the Buick name was turned out from a Flint factory in 1903," according to the speaker. In the Buick plant there are 50 separate factories located in 40 distinct buildings, which go to produce the car, each factory producing only a small part of the whole machine. Each department is organized as separate unit, with its own superintendent, manager, etc. The company has tried to build an organization that gets the maximum amount of good work done for the minimum of expense and delay.

Following Mr. Clark's excellent address a film was shown that pictured the progress thru all stages of a Buick car.

DEATHS

Decker
The death of Clark Decker, aged 78, a retired resident of Quincy, occurred Thursday morning at a local hospital.

The body was taken to the Carroll Undertaking Parlor and was shipped this morning to Fond Du Lac, Wisconsin, for interment.

Scott
At 8 o'clock Thursday morning, John William Scott, long resident of this county, fell dead at his home here suddenly after rising from his breakfast. James W. Scott, a son, was present at the time of his father's decease.

The deceased was a son of Mr. and Mrs. Henry Scott, of Scott county, and was born in that county on March 6, 1845. The greater part of his life was spent in Morgan county. 1863 he was married to Miss Alice Olovy who preceded him in death several years ago. The only immediate relative of the deceased is his son, J. W. Scott, with whom he made his home at 439 South Sandy street. The body was taken to Gillham Funeral Home where friends may view it up to 10 a. m. Saturday.

Funeral services will be held at the grave in Liberty cemetery in charge of the Rev. M. L. Pontius at 11 o'clock Saturday morning.

An inquest was held at 1:30 p. m. Thursday and it was found that the deceased came to his death thru myocarditis, a form of heart disease, complicated by arterio sclerosis. Dr. Edward Bowe testified that he had treated the deceased for the past three years. He said that he had been called yesterday morning but had found Mr. Scott dead at the time of his arrival. James Scott, son of the deceased was the only other witness.

The jurors were P. R. Briggs, L. W. James, J. L. Taimon, G. W. Howard, B. C. Lair and A. R. Eyre.

KITCHEN CUPBOARD

By NELLIE MAXWELL

SEASONABLE GOOD THINGS

A CRISP green salad is always agreeable and when served with the following dressing is quite nourishing:

Thousand Island Dressing.—Put into a small fruit jar one-half cupful of olive oil, the juice of half a lemon and half an orange, a teaspoonful of onion juice, one-fourth teaspoonful each of cayenne pepper and salt and teaspoonful of Worcestershire sauce, one-fourth teaspoonful of mustard, three sprigs of parsley, chopped fine. Put on the rubber and cover and shake vigorously. Green pepper chopped may be added, and some enjoy the acid slightly softened by the addition of a teaspoonful of powdered sugar.

Barbecue of Porterhouse.—Have a cut of porterhouse cut about three and one-half inches thick and containing a good piece of tenderloin. Trim into shape, removing most of the fat and skewering it into shape. Mix two tablespoonfuls of dry mustard with one teaspoonful each of salt and white pepper with a little cayenne, add to these four tablespoonfuls of creamed butter and rub the mixture well into the meat on both sides and edges. Place on a grate over a pan and set under the gas flame. Have two tablespoonfuls of olive oil mixed with one teaspoonful of Worcestershire sauce and brush the steak every five minutes with this mixture, reducing the heat after the surface of the steak is seared. Cook forty-five minutes. The brush should be dipped into the drip from the pan after the juice of the steak has begun to drip. Rub with more mustard with the moistened brush, just before it goes to the table.

Barbecued Mutton.—Make a sauce by melting two tablespoonfuls of butter; to this add the juice of half a good-sized lemon, one-quarter cupful of currant jelly, one-quarter teaspoonful of prepared mustard, one-half teaspoonful of salt, a few dashes of cayenne and one teaspoonful of grated orange peel. Reheat the thin slices of mutton in this sauce. Serve steaming hot; but do not cook.

(©, 1923, Western Newspaper Union.)

**TEMPERATURE
DROPS AT JOLIET**
Joliet, Ill., June 28.—The temperature dropped to 60 here this morning the lowest mark for June in years.

WILLIAM HENDERSON—was a Thursday caller in the city from Little Indian.

Where Quality Counts

One third of the cost of a good plumbing, heating or electric job is for work hidden from sight beneath walls and floors, and underground. Costly trouble is sure to develop unless this "unseen" work is properly done. Reliable materials and skillful workmanship cost less in the end—and we supply 'em.

CONCORD

Mr. Walter McCarty and Mrs. H. B. Rentschler were Jacksonville callers on Tuesday afternoon. They went to see Mr. Rentschler, who was a patient at the Passavant hospital. He returned to his home at Concord recently.

Cleon McConnell, accompanied by his mother, Mrs. McConnell, were Springfield visitors Saturday. This was Mrs. McConnell's first visit to the Capital city.

Mrs. Esther Stone has returned home from Girard, Ill.

The Ladies Aid of the Christian church will meet with Mrs. Bert Way the second Tuesday in July, the meeting having been postponed one week.

The ladies of the M. P. church had a very large crowd at their supper on last Saturday evening. The many friends of Rev. C. G. Cantrell, will be glad to hear that he has recovered from a serious illness. He had a second attack a month ago. He has many old friends in Morgan county, he having served the churches at Concord, Chapin, Litterberry and Berea, near Prentice.

Rev. Mr. Cantrell is well pleased with his church at Ashland, Kansas, and expects if his health permits, to attend the National convention at Colorado, the first week in September.

Mr. and Mrs. Oris Gray of Jacksonville visited Saturday night and Sunday with Mr. and Mrs. Harry Yeck.

OIL PRODUCTION NOTES
Oil City, Pa.—One of the largest wells completed in the Western Kentucky field in some months was recently brought in on the Bud Kerr lease on the waters of Kettle creek in Monroe county, Kentucky, according to The Oil City Derrick. It is owned by the Gartlan Estate and is conservatively estimated at 1,500 barrels a day.

More than a quarter million dollars of damage was caused at two refinery fires in this section during the past week, according to The Oil City Derrick. One was at the Penn-American Refinery here and the damage was \$200,000. The other was at the Lucinda refinery at Lucinda and caused more than \$100,000 damage.

The Omar Oil & Gas Co. has completed a 75 barrel well in the Hotmire district of Indiana, according to The Oil City Derrick. This is an exceptionally large well for that state.

A 20 barrel well, a real gusher for Ohio, has been completed near North Baltimore, according to The Oil City Derrick. It is owned by Grant Mays and others.

The Powell district in Texas and the Norphlet field in Arkansas are at present holding the attention of the oil world, according to The Oil City Derrick.

CHECK PASSER
AT WORK HERE

A very smooth working individual recently succeeded in passing two worthless checks for the same amount, \$26.75, in Jacksonville, the victims being Thomas Strugis, proprietor of the North Side furniture store, and M. E. Gilbert, druggist.

At the Strugis store he was very bold, buying an oil stove for \$3.00 and ordering it delivered to a fictitious address on South Clay avenue, and staying around the store for quite a while in conversation with Mr. and Mrs. Strugis.

The checks were signed with the name of the contractor, S. G. Chumley and were made payable to Jesse Miller.

The man was described as being of medium height and was carrying his coat on his arm while in the Strugis place. No clues have yet been announced.

MAY ABOLISH RECEIVERSHIP

Due to the excellent financial condition of the Chicago & Alton at the present time, the Blooming-ton Pantograph says, it is expected that the courts will be asked shortly to dissolve the receivership and place the company back in its former condition of management. The receivership has been in operation for about ten months.

Think of the saving in time and money in filling so many of your needs under one roof! Let us help you—it will be a pleasure, and you will see how easily and economically you can "get ready."

GREAT BERLIN THEATRE FAILS AS CLASSIC STAGE

Berlin.—(By the A. P.)—Max Reinhardt's dream of a theatre where the classics could be placed before an audience of five thousand has been realized, tried for several years and pronounced a failure by the Berlin critics and public. That is, it has been pronounced unsatisfactory for productions where the spoken word must be heard.

The production of "King Lear" which Werner Krauss recently offered in the Grosses Schauspielhaus, is shortly to close and Reinhardt's converted circus will be given over to operetta and musical comedy. Werner Krauss managed to make himself heard without apparent effort, but some of the members of his cast were less successful. It has been so with all the Shakespearian productions.

But in plays like "Julius Caesar" and Roland's "Danton," both of which have great mob scenes, there was a single episode to stirring and so well adapted to the immense auditorium and its expanse of stage and steps and arena that productions had long runs regardless of the inability to hear all the lines.

The Grosses Schauspielhaus resembles a grotto. It is similar to the dome in the Mammoth Cave of Kentucky, where Edwin Booth recited the soliloquy from "Hamlet" and Jenny Lind sang. The interior of the theatre is entirely in plain concrete color and is decorated with stalactites not unlike those in the Kentucky cavern. The theatre is really a stadium under roof, a sort of building adapted to theatrical purposes. Actors may enter by way of the stage, through entrances at both sides of the ring or thru a great entrance facing the stage. This gives great freedom of movement and keeps the audiences in great uncertainty. It

Lasting Satisfaction in the Hup- mobile

Satisfaction is perhaps the one word which best describes the feeling of every Hupmobile owner.

Satisfaction—with the faithful way it performs the tasks he sets for it to do; with the fact that it requires next to nothing in the way of expert care and adjustment; with low costs that stay low all the year 'round.

Satisfaction, in short, because the Hupmobile always does the things he wants it to do in the way he wants it to do them.

**German

Phone 1727

makes the audience almost a part of the performance.

But in scenes where there are only a few persons on the stage the picture is lost in the vastness of the cavernous building, with its maze of steps and platforms which resemble problems in solid geometry.

RESIDENCE PROPERTY SOLD

The residence property on Park street which has been occupied for a number of years by Bert Kilham and family is now owned by Clarence Swaby. The property was sold not long ago by C. Y. Rowe and Cleon Bell to N. E. Kellem of Scott county. Within recent days James Walls purchased the property and then sold it to Mr. Swaby.

Mr. and Mrs. Earl Martin and family of Miami, Florida arrived in the city Wednesday night for a visit with Mrs. Martin's mother, Mrs. John Crouse of 315 East College avenue. The party drove thru taking 10 days to make the trip.

Mrs. Nellie Newton of Concord was a Thursday shopper in Jacksonville.

TEACHERS AND OFFICERS HELD REGULAR MEETING

The teachers and officers of First Baptist church held their regular meeting at the church Thursday evening. A luncheon was served about 6:15 in charge of Mrs. Wilson after which Sunday school plans were discussed and a brief talk was given by Dr. G. H. Kopperl.

Ed Barrows of Woodson was a business caller in the city Thursday.

WILL VISIT IN ALTON

Mrs. John E. Chappell, 1410 South East street, son, Liming, and daughter, Opal, and Rex Mason and Ralph Mitchell expect to leave Saturday evening on a motor trip for a visit in Alton returning Monday morning.

Miss Eleanor Masters of 1800 South Main street left last Tuesday night for Montreal, Canada, where she will be the guest of Mrs. J. G. Wilson for a month or six weeks.

Social Events

Loyal Women Will Meet

The Loyal women of Central Christian church will hold their annual June social at the Old People's Home tonight. A full attendance is desired.

Centenary Ladies Met

The Ladies Aid of Centenary church held their regular meeting in the church parlors Thursday afternoon. The attendance was large and much business was transacted. With all bills of the quarter paid the report of the treasurer showed a nice balance of cash on hand.

A pledge was made to the Women's college for a good sum after which the meeting was adjourned and a social hour was spent. Refreshments were served by the following hostesses: Mesdames, Watson, Hunter, Ellis, Craft, Brockhouse and Mann.

A car load of Eli Power Presses. Quicker Work—Less Effort—The Eli Always in the lead.

FOR RENT—Two furnished rooms for light housekeeping, modern. 604 Jordan street. Phone 865-Z. 6-29-1t

WITH THE SICK

Mrs. B. C. Kennett and baby daughter returned to their home in Franklin from Passavant hospital Wednesday evening.

Little Dannie Guthrie who has been a patient at Passavant hospital for some time was able to return to his home in Pleasant Hill yesterday morning.

Mrs. John Godfrey of 1639 South East street became a patient at Passavant hospital Thursday.

Miss Lynette Brown has returned to her home on West State street after a visit of several days with friends in Alton.

Miss Mildred Barton left for her home in Danville, Ill., yesterday after having spent a number of days in the city as the guest of Mrs. Mark Hunt of East State street.

CHAPIN

Mrs. W. I. Williamson was brought to her home from Passavant hospital Tuesday evening and is much improved.

Henry Shaw of Beardstown was a visitor at the James Rigor home Wednesday.

Mrs. Elmer Bonds of Beardstown visited relatives here Wednesday.

Rev. and Mrs. O. W. Lough and children attended the ice cream social at the Fred Killam home Tuesday evening.

Mrs. Alden Allen left Thursday night for an extended visit with her mother, Mrs. Mary Lehman at Nashua, Iowa. Mrs. Allen expects to devote a part of her vacation to study in preparation for her high school work the coming school year.

The Sunbeam class of the Christian church will have a bakery sale Saturday.

UNSKILLED LABORERS' STRIKE TIES UP WORK

(By The Associated Press)
CHICAGO, June 28.—Building construction valued at millions of dollars including work on city projects and many loop skyscrapers including work on city projects and many loop skyscrapers was either crippled or tied up tonight by an unexpected strike of unskilled workmen while Chicago contractors asked themselves and one another "who is Martin Egan" the man who called the walkout.

Egan who showed up here a few days ago and called a strike of caisson workers which hampered building projects and who then extended his strike to laborers, was termed an "I. W. W. W." and offered no protest. But today officials of the Industrial Workers of the World disclaimed any knowledge of Egan and his operations.

William Z. Foster, head of the trades union educational league, also denied any knowledge of Egan. Meanwhile from his curbside strike headquarters Egan broadcast a statement that 3,000 men would be in his following by tonight.

Union labor leaders declared they were resisting Egan and that he was trying to form union rivaling and opposed to the building trades department of the American Federation of Labor.

BRIEFS

(By The Associated Press)
Los Angeles, June 28.—Miss Mary Miles Minter, motion picture actress, has been absent from her home here for a week and her mother and sister today expressed anxiety to hear from her. Miss Minter, who resides alone was not working and her relatives said that while they were eager to locate her, they were not unduly concerned over her absence.

Bloomington, Ill., June 28.—Three prisoners, held on drunk charges, used steam heating pipes to loosen bars and escaping from the city hall lockup here last night. They are Frank McFadden, Thomas Graham and William Ryan, all veteran drunks of police circles. Two have served sentences in the Joliet penitentiary.

Streator, Ill., June 28.—Edward Meyers 65, for 20 years deputy coroner of La Salle county dropped dead at his residence here this morning.

Streator, Ill., June 28.—Frank Noel, 55, of Pontiac, and Frank Wolff, 35, of Chicago, automobile salesmen were killed at Odell, 20 miles southeast of Streator last evening, when their machine was struck by an interurban car.

Dixon, Ill., June 28.—The mercury fell to 49 degrees above zero during the night, a drop of 35 degrees from the high mark of Wednesday.

Murray, Iowa, June 28.—Damage to crops, telephone and telegraph wires and a few buildings in the path of a storm last night in this vicinity probably will amount to thousands of dollars. One person was killed.

Clinton, Ill., June 28.—Olive Webb, a farm hand employed by Samuel Cobb was painfully injured yesterday morning. He was working at the barn when a horse kicked him on the right leg, breaking both bones beneath the knee. A local physician re-set the broken bones.

Chicago, June 28.—Snow flakes were mixed with the rain that fell here this morning. Melting as it fell, the snow was perceptible to early risers and overcoats were in evidence among the throngs on the streets.

Last week, a record breaking heat wave caused more than a score of deaths.

Joliet, Ill., June 28.—A pageant of children will feature the July Fourth celebration at Plainfield, said to be one of the oldest towns in Illinois. It was announced at a meeting of committees last night.

Joliet, Ill., June 28.—P. Francis Boetto, an attorney and Richard Doherty, city employees, will be the first Joliet war veterans to receive a bonus from the state. It was learned today. Boetto and Doherty both served in France, the latter being awarded the distinguished service cross for bravery in action.

WORLD'S LARGEST AIRPLANE WILL BE TESTED AT DAYTON

DAYTON.—The largest airplane the world has known, with a wing spread of 120 feet—half again as wide as the great Martin Bombers of the Army Air service—will take to the air for the first time here some time this month.

The new monster of the skies, intended solely for use as a bomber, and said to be capable of carrying a quantity of explosives sufficient to destroy a large portion of a modern city, is being assembled at McCook Field, the army air station, under direction of Walter H. Barling, its designer.

With its great width and other measurements in proportion, the plane will dwarf the largest plane now used. The height of the new plane will be 28 feet, while its length from nose to tail will be 65 feet.

Driven by six Liberty engines, the new ship will require a minimum crew of four men and contain provisions for a working force of eight men to be used when the occasion requires. Exclusive of the crew, it will weigh more than 40,000 pounds.

With the idea of obtaining a maximum of lifting power, stability and safety, Mr. Barling designed the ship as a tri-plane of modified type. The upper and nether wings will be of practically the same dimensions, while that in the center will be narrower. Along its length will run the control devices giving them protection and adding a feature of safety.

Describing the value of the new plane as a machine of war, Mr. Barling, who during the war did much experimental work for the British Royal Flying Corps, says that its maximum load of several tons of explosives could do untold damage. One bomb of the size which the ship can carry would be capable of sinking the largest and newest type of naval vessel, he believes.

Likewise, a single bomb from the machine, he declares, could demolish an entire community. Should such a projectile be dropped in the center of a city, he says, a fifty-foot crater would be dug, all buildings in the vicinity completely destroyed and structures for a half mile or more around would be greatly damaged.

The plane will have no passenger carrying facilities and its value would rest entirely in its ability to transport large projectiles great distances.

PREDICT MACHINES WILL REPLACE HAND LABORERS

CLEVELAND. (By A. P.)—A new industrial revolution is going on in America without Americans generally realizing it, according to several leading foundrymen of the country who were here recently to attend the convention of the American Foundrymen's association, the technical organization of the foundry industry.

The return to prosperity, coupled with the restriction of immigration and the present shortage of labor, is bringing about an overturn in the iron working trade, a change destined to dislodge hand labor in the next ten years and largely eliminate the old fashioned small foundry in favor of the foundry of mass production, the foundrymen claim.

Leaders in the foundry industry foresee common labor growing more and more scarce; they foresee labor saving machinery developing to degrees never imagined before; the automobile industry calling for greater mass production, and the engineer and trained technician taking the place of the old rule of thumb bosses who have managed the foundries for years.

Albert E. Howell, of Somerville, N. J., a newly elected director of the association predicted that in the new era of the machine in foundry practice, the old fashioned all around mechanic was disappearing.

"Molders and laborers are both very scarce in the east," Mr. Howell said. "Fewer young men are going into molding, partly, I suppose, because they fear their places are likely to be taken by machinery. Foundry workers are becoming specialists, trained to handle special pieces of machinery. The all around man in the foundries is going the same way as the all around man in many another metal working industry."

SIBERIAN FLAX TO COMPETE IN MARKETS OF WORLD

Valdivostok. (By The A. P.)—Engratic steps are being taken by the government to increase the number of acres under flax in the Primoria. The country is preeminently suited for this fibre, and it is hoped thus to win back the markets which Russia once had.

The Russian authorities state that three fifths of the former flax used in the markets of the world was exported from Russia and, with the vast amount of land at present lying uncultivated in the Russian Far East, flax can be produced so cheaply here that it will be able to compete favorably with the output of all other countries.

Miss Helen Shreve of Jacksonville and Miss Ethel Rose of Virginia will leave today for Yellowstone Park where they will visit for a week going from there to Los Angeles for a visit with Mr. and Mrs. W. H. Shreve.

GET IN WRONG PLACE FOR MARRIAGE CEREMONY
ROCKFORD, Ill., June 28.—When Clarence Lampman 20, and Dorothy Goodrich, 17, elopers from Madison, Wis., arrived here today, they made the mistake of applying at the police station for a marriage license. The authorities had been warned to watch for them and there was no license and no wedding.
Mr. and Mrs. E. W. Goodrich Dorothy's parents arrived this afternoon and took them back to Madison. They said the wedding might take place when Dorothy became 18.

STOMACH OF RABBI SHOWS TRACES OF POISON
San Francisco, Cal., June 28.—Analysis of the contents of the stomach of Rabbi Martin A. Meyer who died here yesterday revealed traces of poison according to Dr. John R. Clark who performed an autopsy here today. The coroner's office requested that the detective bureau assign an officer to assist in investigating the cause of Rabbi Meyer's death.

MRS. GODFREY TAKEN TO PASSAVANT HOSPITAL
Mrs. John Godfrey, 1639 South East street, was taken to Passavant hospital for treatment Thursday morning. Her condition is not thought serious.

PAVING MATERIAL IS BEING UNLOADED

Standard Paving Company Expects to Begin Work of Laying Asphalt Soon

The Standard Paving company which has the contract for paving East College avenue, North East street and part of East Independence avenue has commenced unloading sand at the C. & A. tracks using a steam shovel for this work.

The company now has on hand to be unloaded one car of fine sand for use in the asphalt, two cars common sand, and three cars of cement and is expecting a consignment of gravel today. The supplies are being hauled to the East College avenue job and asphalt laying can begin as soon as the concrete base is ready as the asphalt plant has had a force of men working on it for some time getting it in first class condition.

The local manager stated yesterday that the laying of concrete would begin in a week or 10 days and everything is in readiness to rush both jobs thru without delay.

CIGAR MAKERS ELECT OFFICERS

J. Rhodesheimer is Chosen as President—Has Served Office Many Years.

At a recent election of Cigar Maker's Union No. 114, the following officers were elected for a period of six months. President—J. Rhodesheimer, Vice-President—F. Winters, Financial Secretary—H. H. Zieler.

Recording Secretary and Labor Correspondent—C. Devlin, Treasurer—H. Rohlf, Trustees—F. Doherty, T. Riley, J. Herberg.

Sergeant at Arms—P. Schultz Jr. Delegates to Trades and Labor Assembly—C. Devlin, T. Drake, A. Ehrigott, C. Frommel and C. Large.

Finance Committee—L. P. Hoffman, H. Linderman and William Timmerman.

The new president, Mr. Rhodesheimer is deserving of much praise from organized labor. He was the chairman of the committee which organized No. 114 in 1881 and has served as its president almost continually since its organization. He has always been a great booster for the good of the Union Label.

Mrs. Addie McLain of Peoria is spending the week with her sister Mrs. H. M. Casey and family at 500 North Diamond street.

WOMEN'S COLLEGE CAMPAIGN MOVES STEADILY ALONG

Subscriptions Announced Last Night Brought
Total to \$23,726—M. F. Dunlap's
Pledge of \$2,900 Gave the
Campaign a Boost

There was plenty of pep and enthusiasm at the meeting of workers at the Illinois Woman's college campaign at the Pacific hotel Thursday night. Team captains made reports of subscriptions amounting to between \$5,000 and \$6,000 and then with brief introductory words about the need of more enthusiasm in the campaign M. F. Dunlap pledged \$2,900 to the fund. This subscription brought the total to date to \$23,726.

Mr. Dunlap had told no one of his intention and this substantial boost for the fund came as most acceptable aid to the campaign plans. Before stating the amount of his pledge, Mr. Dunlap said facetiously that Jacksonville people had just raised \$200,000 in stock for a new hotel and that the easy way to take care of the present campaign would be for subscribers at one time to vote to turn over \$100,000 of this stock to the college and then the job would be done in a single day. He went on to say that he had subscribed \$2,900 for hotel stock and while he would not be willing to give all of this to the college, he would give part of it and then make an additional gift of a sufficient amount to make the total \$2,900.

The announcement of this subscription was followed by a spirited discussion of campaign plans and it was decided that from day to day the names of persons making subscriptions, together with the amount subscribed, will be published. This has been the custom in previous Jacksonville campaigns and there is always interest in these subscription facts.

CARL RAPPS WEDS MISS MABLE WALTERS

Ceremony Said at Home of Brides Parents Yesterday Afternoon at 5 O'clock—Will Reside near Pleasant Plains.

A simple but impressive wedding took place at the country home of Mr. and Mrs. Carl Walters southwest of the city Thursday evening at 5 o'clock when their daughter, Mable, was united in marriage to Carl Rapps of Pleasant Plains, Ill.

The ceremony was preceded by a musical program. Miss Marguerite Fetzner of Pleasant Plains sang, "I Love You Truly" by Bond, and "Oh Promise Me" by Scott and DeKoven. She was accompanied by Lora Hackard, also of Pleasant Plains. Miss Aileen Switzer of Jacksonville, played "Thine Own" by Lange. Miss Switzer also played "Lohengrin's Wedding March" and during congratulations, Sudds, "Message of Love."

The attendants were Frances and Carl Walters, sister and brother of the bride. The ceremony was performed before the fireplace which was banked with ferns and cut flowers. Rev. J. G. Kuppel of Salem Lutheran church officiating.

Following the ceremony a delicious 6 o'clock dinner was served. Those present included only immediate relatives and intimate friends.

The bride who is the daughter of Mr. and Mrs. Carl Walters, is a graduate of the Pleasant Plains grade and high schools. For the past two years she taught school very successfully in that community.

The groom is the son of Mr. and Mrs. John Rapps of Pleasant Plains. After completing the grade school of Petersburg he attended high school in that place.

The young couple left, early Thursday evening for a brief wedding trip after which they will be at home to their friends on the groom's farm at Pleasant Plains.

ARRIVE FROM NEW YORK

Ellsworth and Everett Dwight arrived last night from New York City called by the illness of their mother, Mrs. M. E. Dwight. The latter, who is a guest at the home of Dr. and Mrs. Carl E. Black, has been very ill for the past two weeks but is now slightly improved.

FAVORITE LODGE CONFERRED RANK

Six Were Given Rank of Knight Thursday Evening—Social Hour and Refreshments

Favorite Lodge No. 376 Knights of Pythias, conferred the rank of Knight on W. J. Houston, Luther Carr, John S. Killam, John M. Rule, Joe Gaitens and J. Edmund Dinwiddie at the regular meeting held in Castle hall Thursday evening.

Following the work a social hour was enjoyed and refreshments were served. A. E. Lively of Beardstown was a visitor.

NEW MANAGER FOR HOLLAND FURNACE CO.

C. M. Duddles, wife and two children, arrived in Jacksonville Wednesday from Marion, Ill., to take up their residence here and are located at 1324 South Main street.

Mr. Duddles has been in charge of the business of the Holland Furnace company in the Marion territory for the past two years and was recently transferred to this district with headquarters in Jacksonville. The company has been without a representative here since last April but the office and salesroom on North Sandy street is now reopened. It is expected that the business will be moved to larger and more commodious quarters as soon as they can be obtained.

AUTOMOBILE WRECKED ON MORTON ROAD

The Essex roadster owned and driven by Russell Landers was badly wrecked at the new bridge on East Morton avenue at the edge of the city.

Mr. Landers was coming towards town when the engine backfired setting fire to the car. He immediately jumped out and let the car go. It ran to the bottom of the hill and turned turtle while still burning. The fire department was called and succeeded in extinguishing the flames but the car is badly wrecked.

Mr. Landers was not hurt.

MANY VISITORS AT SOUTH SIDE BANK

Many patrons and friends of The Farmers State Bank & Trust Co. were visitors at the rebuilt home of the bank on the south side of the square yesterday. The striking handsome interior of the building has been previously described in newspaper paragraphs.

The beauty of the surroundings on the opening day was increased with flowers. A huge bouquet of roses occupied a prominent place and there was a still larger showing of varicolored gladioli, and other flowers made up the unusual display.

GUESTS IN THE CITY

Miss Ann Van Arsdale of Racine, Wis., and Mrs. H. R. Swain of Chicago are house guests at the home of Mrs. U. G. Woodman, 1947 West State street.

Dr. Grace Dewey left for Chicago Wednesday night and will remain in that city until the latter part of the week.

DR. LIPPINCOTT GOES TO COAST STATE

Son of Well Known Jacksonville Family Appointed to Important Post at University of California

A telegram received yesterday by J. P. Lippincott brought the news that his son, Dr. William A. Lippincott, had accepted the position as head professor of poultry husbandry at the University of California. There is no other similar position in the colleges or universities of the United States of greater importance, and the appointment of Dr. Lippincott came after the board of regents of the California university had canvassed the whole field and determined upon the man best fitted to give the desired service.

In fact, the matter of Dr. Lippincott's appointment has been pending for a period of months, as he did not accept the original offer made him. Along at the same time that the proposition came from the California institution, Dr. Lippincott was offered another important post in the East. This position carried with it certain allurements and so for an extended period the former Jacksonville resident has been uncertain whether the path of advancement led to the East, to the Western coast, or whether he should continue on at the Kansas State Agricultural college, where the authorities have thru the years manifested appreciation of his work.

It is understood that after looking over the field for development in California university, Dr. Lippincott decided that he would go to that position if his suggestions as to salary were met. The salary was larger than the rules of the board at that time would permit, but evidently the regents saw fit to change these regulations and thus met Dr. Lippincott's conditions.

Many Jacksonville residents will be interested in knowing of this preferment for Dr. Lippincott, as they have taken pride in his advancement and in the decided success that he has made in scientific research work in connection with poultry husbandry.

Most people here are familiar with the fact that Dr. Lippincott is the author of several text books on the subject which he has made his life study and that he has a national reputation as an authority on poultry.

It was Dr. Lippincott's expectation to make a brief visit with his father here in Jacksonville soon, but the acceptance of the California position will no doubt result in a change of plans.

TOURISTS TRAVEL IN COMFORT

Mr. and Mrs. Gaskill, two daughters and one son, Robert were visitors in the city yesterday enroute on an auto tour from Twin Falls, Idaho, which is their present home to Nashville, Tenn., where they originally lived, having been away for about 13 years.

They stated that they found the roads very bad west of here but are making the best of it and camping wherever they can when night strikes them. They are expecting to make a direct trip to their destination and on their return in August will take more leisure, visiting points of interest.

The son is of an inventive turn of mind having recently invented a phonograph which is said to have some very unique features. His latest invention is a special radio set which the family is carrying with them on the trip and the son sets up the apparatus when they camp for the night and they enjoy their radio entertainment wherever they happen to be.

TO STUDY PLANT LIFE IN YELLOWSTONE

Dr. Rodney Harvey, professor of Plant Psychology of the University of Minnesota at Minneapolis, will depart shortly for Yellowstone park to make an extensive study and take photomicroscopic views illustrative of the plant life on the terraces at Mammoth Hot Springs.

Previous scientific investigations have been made of the peculiar algal growths but no original research was conducted to determine the exact character of this plant life or to definitely classify it. At this point, certain forms exist in the heated waters at a higher temperature than anywhere else in the world. This fact leads Dr. Harvey to suspect that this plant life is the survivor of the original growths which took up existence after this earth had formed and cooled somewhat but was still covered with boiling water.

Professor Harvey's findings will be of inestimable value to science and extremely interesting to the layman because of the manner in which this unusual life will be portrayed and explained. His pictures are to become a part of the Burlington Route's film library of western wonders which is being assembled by Mills and Bell of St. Paul.

GIRLS WILL OCCUPY ROTARY CLUB HOUSE

Have Been Sponsored by Social Service Division of Illinois College Y. W. C. A.

Two clubs of girls that have been sponsored by the Social Service division of the Y. W. C. A. of Illinois college, will leave at 7:30 o'clock Monday morning for a week's camp at the Rotary clubhouse on Mercedosa bay.

Miss Mabel Rogers and Miss Mary Janet Capps, who have been in charge of the clubs since last fall, will act as directresses and will be assisted by Miss Maud Ryman and Miss Elizabeth Cogswell. Rev. G. E. Stickney will accompany the party as camp manager.

The 30 girls who will make the trip are to be divided into several groups, each under one of the young ladies in charge. These groups will be put into competition with one another in baseball, track meets, etc. There will be two periods during the day when swimming will be enjoyed. The girls who will make the trip are largely in the 6th, 7th and 8th grades and a few are High school students. Various generous citizens donated the money on which the camp will operate.

The trip to Mercedosa will be made in a large truck and the party will return to the city Saturday evening.

Mrs. H. C. Woltman and children left Thursday over the Washburn for a visit in Kingman, Kan.

WILL LEAVE IN CAR FOR DETROIT

Mr. and Mrs. Fred W. Bolton and daughter Lucille, of South Diamond street, will leave this morning in their car for Detroit, Mich., where they will visit with their sons, William and Fred who are employed by the Michigan State Telephone company in that city. They will then go by train to Lancaster, Pa., where they will call on Mr. Bolton's sister, Mrs. W. H. Hoyting. They plan to be away from the city for three weeks.

MEREDOSIA PLANS PROGRAM FOR FOURTH

Good Program in Preparation for National Holiday—Other Meredosia News of Interest.

Meredosia Ill., June 27.—The Merchant's Retailers Association are rapidly completing arrangements for a big celebration July 4th. Amusements of various kinds have been arranged

for, consisting of music, contests, etc., together with the distribution of \$1200 in gifts to those holding the lucky tickets. A grand display of fireworks will take place in the evening. The largest gathering in the history of Meredosia is expected upon this occasion.

Mrs. C. H. Kappel has been on the sick list the past few days. Mr. and Mrs. John N. Peters spent Sunday at their home in Jacksonville.

Morris McLain and daughter

Dorothy of Dallas City arrived Monday to visit the former's parents Mr. and Mrs. J. D. McLain.

Mrs. W. E. Young and two children of Guthrie Okla., and Miss Josie Beeley of Enid Okla., arrived Tuesday for a visit with Mr. and Mrs. Thomas Beeley and other relatives. Mr. Young is attending Illinois University at Champaign during the summer course.

Mr. and Mrs. G. A. Butcher and daughter, Maxine of Baylis are spending the week with the former's mother Mrs. Orah Butcher. C. B. Gruner and Miss Olga Wood were Jacksonville visitors Saturday.

G. A. Butcher, Mrs. Henry Hobbs and Mrs. Lester Butcher motored to Barry Tuesday to attend the funeral of an aunt of Mesfamos Hobbs and Butcher.

Mr. and Mrs. John Goffnett entertained the following relatives at Sunday dinner: Mr. and Mrs. Omer Brookhouse and baby living east of here and Mrs. White and daughter Maud of Chapin.

Mr. and Mrs. Silvia Surratt were called to Beardstown Monday by the serious illness of their daughter Mrs. Elmer Bell.

Perry Leonhard of Concord visited Mr. and Mrs. P. S. Hodges Monday.

Mrs. J. C. Lewis of Bluffs was a business visitor in town Tuesday.

Monday of this week Samuel Butterfield exchanged his residence property situated west of the Wabash station to Charles

Brackenbury for his residence property situated on South Washington street.

William Tegeder a resident of this vicinity passed away Monday at the State Hospital in Jacksonville at the age of 85 years. Undertaker Edward Schafer went to Jacksonville that evening and brought the remains of the deceased Tuesday to the home of his son Henry Tegeder who lives near Wagner's Bridge.

The funeral will take place Thursday afternoon from Lydda Lutheran church north of here the pastor Rev. H. Vathauer having charge of the services. Interment will take place in Lydda cemetery.

Harold Gard and Harold Unlund were business visitors in Springfield Tuesday.

Mr. and Mrs. Lester Butcher returned Sunday from a visit with Mr. and Mrs. G. A. Butcher at Baylis.

A message was received by relatives here from Springfield Hospital Tuesday stating that Mrs. Tenna Masterson had been operated on that morning and was rallying nicely from the effects of the anesthetic. It is the hope of the entire community that Mrs. Masterson's operation may prove a permanent success and she may soon be permitted to return home.

The town officials are having the wood work of the exterior of the town hall treated to a new coat of paint which will add much to its appearance when completed. Will and Henry Looman are doing the work.

Miss Alta Gaddis and Elmer Virraus of Springfield were guests of the former's parents Mr. and Mrs. Edward Gaddis Sunday.

KITCHEN CUPBOARD

By NELLIE MAXWELL

GOOD THINGS FOR ANY DAY

AS THERE is a diversity of tastes in almost every family it is necessary that we have variety.

Smoked Salmon Chartreuse.—Boil one and one-fourth cups of rice until tender, add two teaspoons of curry powder creamed with two tablespoons of butter. Make a white sauce of butter, flour and milk, add the two and one-half cups of salmon that have been soaked in warm water to remove the excess of salt, add one tablespoon of lemon juice, one-half teaspoonful of onion juice, and pepper. Line a buttered bread tin with the rice; pack in the fish mixture; put a layer of rice over the top and steam or bake in a pan of water 30 minutes. Serve with creamed peas.

Summer Soup.—Let stew one hour in a quart of water one generous quart of fresh tomatoes, peeled and sliced thin, one cucumber and a clove of garlic. Add salt, one teaspoonful, and one-fourth of a teaspoonful of pepper with one tablespoonful of sugar. Strain into the soup tureen and set aside to cool. Add a few pieces of ice and one and one-half cups of thinly sliced cucumbers sprinkled with salt and pepper and vinegar. Let chill in the refrigerator one hour. Just before serving, toss into the soup one cupful of croutons which have been sprinkled with tarragon vinegar.

Sponge Drops.—Beat the whites of three eggs until stiff, then add one-third of a cupful of powdered sugar, two egg yolks beaten thick and lemon colored, one-fourth of a teaspoonful of salt and one-third of a cupful of flour, flavor to taste. Drop by spoonfuls on baking sheet; sprinkle with powdered sugar before baking.

Pineapple Tapioca.—Cook until clear three tablespoonfuls of minute tapioca in two cups of water; add three tablespoonfuls of sugar. Serve with pineapple juice poured over the tapioca and a spoonful of diced pineapple for a garnish.

(© 1923, Western Newspaper Union.)

JACKSONVILLE FARM SUPPLY CO.

RUSIANS IN BERLIN UNITE TO BUILD NEW CHURCH
Berlin. (By the A. P.)—Soviet officials failed to stop the religious activities of the Orthodox Russians in Berlin when they closed the chapel in the Russian Embassy and converted the beautiful sanctuary into offices. Two churches have replaced the one which was closed.

One was improvised in a large hall and the other is a German style church which has been converted into a Russian orthodox sanctuary. But both of the places of worship lack the spirit of a building constructed especially for the Russian service, and the Russians are planning to erect a new church.

Many of the professors of theology and other religious leaders exiled from Russia are in Berlin, and courses in religious subjects are attracting many students.

REMOVAL NOTICE
Hereafter all business of THE FARMERS STATE BANK & TRUST CO. will be transacted in its REMODELED BANKING HOUSE

27 South Side Square
You are cordially invited to call and inspect its new home and use its facilities and conveniences.

H. F. Litter of Litterberry was a business visitor in the city yesterday.

BLUFFS RESIDENTS TO ENTER HOSPITAL

Herman Kund and Wife Will Enter Hospitals for Treatment—Other Bluffs News.

Bluffs, June 28.—Herman Kund will hold a public sale at his home in the north part to dispose of his household goods. He expects to enter a hospital in Chicago for treatment July 1st. Mrs. Kund expects to enter a hospital or sanitarium in Springfield for treatment. They expect to be absent for a year. Their residence will be occupied by Frank Schmidt and family during their absence.

Richard Reid formerly of Springfield but late of Los Angeles, Calif., is the guest of Mr. and Mrs. Thomas Reid.

The Ed Williams Stock Company, popular show troupe, arrived Monday and pitched their tents on the school grounds and each night a play is presented to the public. On Monday night "The Wait," drew a fair sized crowd and those present were well pleased.

Tuesday night "Mr. and Mrs. Jiggs" amused the people. Wednesday night, "Peg O My Heart" was presented. Other attractions are listed for the remainder of the week with a matinee Saturday afternoon. This company was in town two years ago and the splendid shows presented in a clean and wholesome manner made an impression upon the people.

Miss Rena Sommers has returned home from Passavant Hospital in Jacksonville, for relief from appendicitis.

Mr. and Mrs. C. E. Merris, Mr. and Mrs. P. C. Burrus and Mrs. Maurice O'Brien went to Jacksonville Sunday to see Mrs. Morris' son, Raymond, who is in Our Saviour's hospital there.

The M. E. church will have a market sale Saturday and will sell ice cream and cake Saturday evening on the vacant lot next to the bakery.

Leonard Branson and family of White Hall have returned home after a several days visit with James Branson and family.

EVERYTHING MUSICAL

Roll the Clouds Away

The car-owning public have all too long "hung crape" on the repair business.

In the long run repairing and maintenance will be the salvation of automobile driving. Cars will never be produced that run forever without expert care.

Just because regrinders and repair men have to do with hard-used, badly misused cars, is no reason why their business should be regarded as low and degrading.

The physician who works over badly diseased bodies, or the dentist who works over foul mouths and decayed teeth has the respect of the public.

To take an abused engine (ready for the junk as some would say) and to put it back into first class working condition, there is glory and satisfaction in it.

It isn't everyone that can do reconstructive work of such a delicate nature.

It always has been and always will be the man who can make something out of nothing, who wins the plaudits and praise of the public.

ASHLAND NEWS NOTES OF SPECIAL INTEREST

Recent Happenings in Ashland Narrated in a Brief and Interesting Way.

Ashland, June 28.—Rev. Hall of the Southern Methodist Conference is here assisting the pastor in the interest of the Bi-Conference movement.

Mrs. J. H. Hubbs, son Bennett and Mrs. Emmitt Fry drove to Ashland from their Prentice home Monday afternoon.

Word has been received here of the arrival of a baby girl born to Mr. and Mrs. Albert Willson of Elizabeth, New Jersey. They have named her Barbara. Mrs. Willson before her marriage was Miss Virginia Beggs of Ashland.

Dr. and Mrs. R. O. Beadles

PESKY BED-BUGS

(Pesky Devils) Quietus P. D. Q. is the new chemical that puts the everlasting to the pesky bedbugs, roaches, fleas, ants and beetles—impossible for the pesky devils to exist where P. D. Q. is used.

Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of getting rid of the pesky insects is by the use of P. D. Q., as this chemical kills the eggs as well as the live ones, and will not injure the clothing.

A 36c package makes a full quart, enough to kill a million bedbugs, roaches, fleas or beetles—also contains a patent spray to get the insects in the hard-to-get-at places and save a lot.

P. D. Q. can also be purchased in scaled bottles, double strength, liquid form.

Armstrong's Drug Store.

Long's Drug Store

Here's Protection from Garden Pests

Gardener's Friend kills bugs and worms on plants, vines, trees and flowers. Safely used on any of your vegetables or fruits—lettuce, cabbage, tomatoes, eggplant, beans, potatoes, melons, turnips, tobacco, grapes, gooseberries, strawberries, currants, etc. Controls blight, mildew and rot.

At all good dealers in 35c cans 3-lb. cans and 100-lb. drums. Money back if it fails.

W. H. Metzger Co., Inc. Bloomington, Ill.

GARDENER'S FRIEND BUG POWDER

Safe instant relief from CORNS

One minute—and the pain of that corn ends! That's what Dr. Scholl's Zino-pads do—safely. They remove the cause—friction—pressure, and heal the irritation. Thus you avoid infection from cutting your corns or using corrosive acids. Thin, antiseptic waterproof. Sizes for corns, calluses, bunions. Get a box today at your druggist's or shoe dealer's.

Dr. Scholl's Zino-pads

Made in the laboratories of The Scholl Mfg. Co., makers of Dr. Scholl's Foot Comfort Appliances, Arch Supports, etc.

Put one on—the pain is gone!

The Thing You Shouldn't Do

Many people—most people, in fact—do this thing. But they shouldn't. Some know they shouldn't do it, but they go right on doing it just the same.

This, then, is a warning; also a better way.

The thing you shouldn't do is this: You shouldn't wash your teeth and rinse your mouth out in the lavatory in which you wash your face and hands.

To do this is to flirt with disease. That which is brushed off the teeth and rinsed into the lavatory bowl is a mass of germs. To follow a rinsing with a washing of face and hands is likely to carry some of the germs onto delicate parts of the skin and into the eyes.

A better way is to have a dental lavatory in your bathroom. The space it occupies is small; it is convenient; it is a safety first fixture.

C. C. SCHUREMAN

The Johnston Agency

Miss Edna Cook who has been visiting relatives in Jacksonville returned to Detroit, Mich., Thursday.

KITCHEN CUPBOARD

By NELLIE MAXWELL

EVERYDAY GOOD THINGS

THE following recipe is one recommended and used by many physicians in their recommended diets:

Bran Bread.—Take four cups of whole wheat flour, three-quarters of a cup of molasses (New Orleans), one teaspoonful each of salt and soda, two cups of sweet milk, a little cream or shortening and a few raisins. Bake one hour.

Corn Meal Gems.—Beat one egg, add one cupful of sour milk, one-half cupful of molasses, one teaspoonful of soda, one cupful of corn meal, one cupful of flour, one tablespoonful of butter or melted shortening; salt to taste. Bake in gem pans. This makes twelve.

Graham Gems.—Take one cupful of graham flour, one cupful of sour milk, one beaten egg, one teaspoonful of soda, one-half teaspoonful of salt, two tablespoonfuls of sugar and three tablespoonfuls of shortening. Bake in gem pans. This recipe makes six.

Steamed Brown Bread.—Take one cupful each of sour milk, graham flour, raisins and molasses, salt to taste, two teaspoonfuls of soda and one and one-third cupfuls of corn meal. Steam two hours, or steam in fireless cooker for four hours; dry off in the oven, with the covers off the molds.

Spoon Corn Bread.—Take one cupful of corn meal, scalded with one cupful of boiling water; add two cupfuls of sweet milk, two beaten eggs, one-half teaspoonful of salt, two teaspoonfuls of baking powder and a teaspoonful of sugar. Bake and serve from the baking dish with bacon and liver.

Cream Slaw.—To one quart of chopped cabbage take one-half cupful of vinegar, two tablespoonfuls of sugar, a teaspoonful of flour, one beaten egg, a tablespoonful of butter and one-half teaspoonful each of mustard, salt and paprika. Put sugar, vinegar and butter into a sauce pan, and when boiling add the beaten egg with one-half cupful of cream, flour and seasonings; let boil and pour boiling hot over the cabbage.

-FREE- 50c WORTH OF JOHNSON'S CARBON REMOVER

Carbon causes 80% of your engine trouble. Johnson's Carbon Remover is the easiest, cleanest and most satisfactory remedy for carbon. All you have to do is take out the spark plugs—pour in a little Johnson's Carbon Remover—let your car stand one to twelve hours—then start your motor and the carbon is carried out through the exhaust as your drive. Use Johnson's Carbon Remover every 1000 miles and keep your engine sweet and full of "pep."

Save Five Dollars

By using Johnson's Carbon Remover you can save \$3.00 to \$5.00 over other methods—without laying up your car. You can easily do it yourself—in ten minutes—without soiling your hands—and the cost is trifling. A pint can is sufficient for cleaning sixteen cylinders.

Do Your Valves Need Grinding?

Johnson's Valve Grinding Compound will remove pits and foreign substance from valves. Remains on surface throughout the operation and will not cut grooves. Its use insures a smooth, accurately ground seat.

FREE OFFER

The coupon below and 75c is good for a pint (\$1.25) can of Johnson's Carbon Remover. Or, the coupon will be accepted as a credit of 50c on a quart (\$2.00) can at dealers listed below.

Brady Bros.

-This Coupon Worth 50c-

This coupon and 75c entitles you to a \$1.25 can (pint) of Johnson's Carbon Remover. Or, this coupon will be accepted as a 50c credit on a quart can.

WOODSON BIBLE CLASS IS ENTERTAINED

Golden Rule Class of Christian Church Met Thursday at Church — Other News From Woodson.

Woodson, June 28.—The Golden Rule Bible class of the Christian church held a meeting Thursday afternoon at the church, with a good attendance. After a business session came the following program:

Song—Class.
Bible Reading—Mrs. Louise Henry.
Vocal Solo—Mrs. Harrie Smith.
Reading—"Seeing Nellie Home"—Mrs. Margaret Kltner.
Song—Class.
Roll Call—Scripture quotations.

Following the program the ladies went to the basement and enjoyed light refreshments and a social hour. The serving committee included Mrs. Ida Megginson, Mrs. James Galloway, and Mrs. Edward Galloway.

Woman's Club Meets.
Mrs. Fred Henderson was hostess to the Woman's club members at her home on South Main street in Jacksonville Wednesday afternoon, this being the last meeting of the club until September. After a brief business session the following program was given:

Song, Home Sweet Home—Club.
Lord's Prayer in unison.
Reading, "People Will Talk"—Miss Margaret Cunningham.
Piano selection, "Polonaise"—Miss Esther Cunningham.
Paper, "Education and the Home"—Mrs. Fred Henderson.
Music, "Home"—Miss Mabel Henderson.

At the close of the program there was a guessing contest, Mrs. Fred Quimby winning the first prize and Mrs. Jack Steinmetz the booby prize.

A very special social followed the program and the hostess served dainty refreshments. Guests of the afternoon were Mrs. J. E. Young, Miss Minnie Green, Mrs. H. N. Goacher and Mrs. R. B. Bishop.

News Notes.
William Mortimer is very ill at his home just east of Woodson. Mr. and Mrs. A. H. Pyberson of Spokane, Wash., are here for a visit with Mr. and Mrs. Carl Gordon, having made the trip in their car.

Miss Alma Evans of Murrayville is here for a visit with Miss Meda Megginson.

Little Miss Louise McCurley of Neoga, is visiting her grandparents, Mr. and Mrs. Jesse Henry. She came home with her aunt, Mrs. Vertrees Blimling, who had been a visitor at Neoga. Others who spent Sunday at Neoga were Mr. Blimling and family and Mr. and Mrs. Frank McCurley and family of Jacksonville.

E. D. Childs will speak Sunday night at the Christian church in the interest of the Anti-Saloon league. This promises to be a very interesting lecture and everyone is invited to hear it.

WELLS RETURNED TO PIKE COUNTY JAIL

Hal Wells of Barry who murdered his wife with an axe last Tuesday and later was brought to Passavant hospital suffering from self-inflicted wounds in an attempted suicide was returned to the Pike county jail at Pittsfield Wednesday afternoon by Deputy Sheriff Fitzpatrick, who has had him in charge since the tragedy. There seems to be no doubt now that he will recover from his injuries.

LATEST NEWS OF THE SPORTING WORLD

SPEED WORK ON ILLINOIS STADIUM

Urbana, Ill.—They're speeding up the work on the University of Illinois stadium, where more than 300 men are hustling to complete the seats for the great homecoming football game with Chicago on November 3.

This will be the opening of the great memorial and it will attract Illinois graduates and other friends from far and near. Unless there are strikes and other unexpected obstacles, the 55,000 seats will be ready for the throng.

The big job now is the pouring

of concrete which forms the slabs and risers for the stands. Many sections already have been poured and are ready to be bolted to them. Unusual precautions are being taken to insure not only a durable concrete job but one that is excellent in appearance.

The playing field is being sodded with a fine stand of blue grass obtained from a nearby farm. An extensive sprinkling system will run all night on the field and it will be in good shape for the tread of the Illinois and Maroons next November.

Enough brick and stone work on the ramp towers has been completed to give an idea of the future beauty of the stadium. Most

stadiums are merely concrete but Illinois will use red brick and white stone largely.

Two thirds of the steel work has been finished and the rest of the steel will go up soon. It is far enough ahead that other work will not be halted.

Upwards of \$100,000 in construction bills will be presented for June, it is estimated. That gives an indication of the clip that the work is going. The fourth pledge installment is due July 1, and a vigorous effort to obtain a record breaking collection is being made in view of the huge construction bills which must be met from now on.

Complete information on ticket sales will be mailed to all subscribers and others who request it, by September 1. If all of the seats are completed by November 3, as expected, it will be possible to remove past limitations on the number of tickets to be purchased by one person.

UNCERTAINTY ON FIGHT IS GROWING

GREAT FALLS, Mont., June 28. (By A. P.)—The financing of the Jack Dempsey-Tommy Gibbons fight, scheduled for Shelby, July 4, was thrown yesterday as a result of the resignation of Dan Tracy as business manager, grew in volume all day today until it became apparent tonight that the promoters have no definite plan for raising the final \$100,000 due Dempsey on his \$300,000 guarantee.

From none of the men associated with the promotion of the battle could it be learned tonight that the \$100,000 installment for Dempsey was definitely in sight or that plans are underway that bring from the promoters anything more than "expressions of hope," that the money can be raised.

The day was filled with rumors, contradictions, denials and evasions originating with various men identified with the promotion. Thru it all Mayor Jim Johnson, of Shelby, treasurer of the fight, who has personally sunk a fortune of \$150,000 in the venture, continued to make announcement that the fight would be held as scheduled and that Jack Kearns, manager of the heavyweight champion would receive the \$100,000 when due next Monday, if not before.

Mayor Johnson, however, gave no indication of where he expected to raise the money or how, aside from saying that he was working on two or three different plans.

Early in the day, J. N. Spear, a state senator and attorney for Johnson, announced that \$50,000 had been assured by one individual to help make up the \$100,000 installment.

Forgetting all about the financial worries of the big Fourth of July battle, Dempsey went thru a highly impressive workout under six rounds with such speed and smashing attacks that critics, who, 10 days ago, thought the champion was slow and out of condition, left the camp astonished at the form Dempsey displayed.

The champion appeared to be at the top of his form ripping into his sparring partners with all the fury of his famous attack.

EHMKE OUTLASTS ZACHARY AND WINS

WASHINGTON, June 28.—Ehmke outlasted Zachary today and Boston took the opening game of the series from Washington 3 to 1. The visitors scored two runs in the ninth on passes to Mitchell and Burns, a sacrifice by Collins and singles by J. Harris and Shanks. The score: Club—R H E Boston . . . 010 000 002-3 6 0 Washington . . . 100 000 001-6 0 Ehmke and Walters; Zachary and Ruel.

PEACOCK REDECORATING

The Peacock Inn is having some extensive redecorating done at present. The walls are to be decorated with Tiffany painting of a gray and blue, while the border is of a handsome grey paper, with a little blue worked in. The Inn will purchase new chair covers to fit in with the general decorative scheme and will present an unusually handsome appearance for a city the size of Jacksonville.

BROWNS POUND TIGER HURLERS

Bump Three of Them Hard While Shocker Holds Detroit Safe—Williams and Heilmann Hit Home Runs.

ST. LOUIS, Mo., June 28.—St. Louis pounded three Detroit pitchers for 11 hits and won today's game 6 to 2. It was Shocker's eleventh victory of the season against four defeats and puts him in the lead in the league's pitching race.

Williams got his eleventh homer of the season in the fourth inning. In the ninth Heilmann doubled his ninth tour batter of the year, driving in Manush ahead of him. The score:

WASHINGTON WINS INTERCOLLEGIATE RACE

POGKEEPSE, N. Y., June 28. (By A. P.)—Eight stalwarts of the University of Washington stroked by a brilliant young oarsman who arose from a sick bed to row the race of his career, smashed the two year reign of the Navy's crews and swept to drastic triumph today in the premier test of American College rowing the three mile race concluding the 26th annual regatta of the intercollegiate rowing association.

Thru a driving downpour Washington and the Navy fought for supremacy over the last mile of the varsity struggle after distancing their four other rivals and the Pacific coast men won because they possessed the greater stamina and finishing power. They crossed the finish line fully a length ahead of a decisively whipped Annapolis eight that failed to demonstrate the qualities that carried its predecessor to spectacular victories in 1921 and 1922.

Trailing two lengths behind the navy came Columbia which weakened after setting the pace for more than a mile. Syracuse, fast overhauling the New Yorkers, finished fourth, another three quarters of a length back. Cornell, but a ghost of the rowing power that once ruled supreme in college seas, finished fifth half a length behind the Syracuse crew. The race was nearly another length in the rear. Only inches separated Washington from a double triumph, for its rangy and powerful freshmen eight, the only other purple and gold entrant, lost to a great Cornell yearling crew by that margin in the closing winning finish in collegiate regatta history.

Brilliant as was the far westerners' varsity victory, the first time that the west has triumphed in the quarter of a century that its oarsmen have sought this blue ribbon crown of rowing—the struggle for freshman honors was the most spectacular feature of the day.

Syracuse finished third, Pennsylvania fourth and Columbia fifth in the freshman race in the orange sweeps of Syracuse flash across the line first in the opening event of the regatta the junior varsity contest.

Cornell finished second by a narrow margin over Columbia and Pennsylvania brought up the rear.

DR. E. L. CROUCH AND SON VISITING HERE

Dr. E. L. Crouch, a former well known resident of Jacksonville but now residing at Boise, Idaho, where he is connected with a hospital is visiting in the city accompanied by his son, Joel, a former student at Illinois college who graduated from Yale university with the class of 1923.

Mrs. A. R. Shaw of Beardstown was calling on relatives in the local hospitals yesterday.

SHELBY TAKES ON RENEWED ACTIVITY

SHELBY, Mont., June 28. (By A. P.)—Heartened by unauthenticated reports from Great Falls that arrangements for raising the final \$100,000 of Jack Dempsey's guarantee for his July 4 bout with Tom Gibbons were believed to be culminating successfully, Shelby took on renewed activity again today in preparation for the battle. The fight fans, discouraged by the uncertainty surrounding the holding of the fight, following the abrupt withdrawal of Dan Tracy from business manager, were loud in their praise of Mayor James Johnson, who stepped into the breach vacated by Tracy and announced the fight would be held, regardless. Shelby is confident tonight there will be a championship battle July 4.

PHILLIES RALLY IN SEVENTH AND WIN 8-7

PHILADELPHIA, June 28.—Philadelphia rallied in the seventh inning today and scored enough runs to nose out Brooklyn 8 to 7. Dickerman started well but weakened in the finish, enabling the locals to overcome a big lead and annex the victory. The score:

Club	R	H	E
Brooklyn	410	200	000-7 19 0
Philadelphia	000	120	50x-8 14 0

Dickerman, Decatur and Smith; Taylor; Ring, Hubbell, Winters and Henline.

CHAUTAUQUA CONTRACTS FOR THIS YEAR'S TESTS

Rev. W. E. Spooner made a trip to Springfield as the representative of the Jacksonville Chautauqua board. While there he contracted with the Armbruster Co. for all the tents that will be used at this year's Chautauqua. The contract calls for the same number of tents as last year, the big top and 100 small ones, and carries a provision that the company will furnish all tents that are needed above this amount immediately on request.

WHEAT NOT GREATLY DAMAGED BY WIND

The heavy winds recently did not do nearly so much damage to standing grain in the county as it was at first thought, the oats seeming to suffer the most damage. Some wheat, where heavy, is down but the most of it withstood the wind in good shape according to reports received at the Farm Bureau.

ALEXANDER BESTED BY FRED TONEY 1-0

Card Hurler Allows Old Team-mates But Four Hits—Alexander Responsible for Own Downfall.

CHICAGO, June 28.—Fred Toney bested Grover Alexander in a pitching duel today and St. Louis shut out Chicago 1 to 0 in the first game of the series. Toney allowed the Cubs only four scattered hits, while Alexander was touched for six and was largely responsible for his own downfall. The score:

Club	AB	R	H	O	A	E
St. Louis	32	0	0	2	1	0
Chicago	32	0	0	0	0	0
Flack, rf	4	0	0	2	1	0

MONEY MUST BE PAID BACK IF FIGHT FIZZLES

HELENA, Mont., June 28.—If the July 4th fight at Shelby does not materialize every dollar which was paid for tickets must be refunded and "Mr. Kearns and Mr. Dempsey cannot sit idly by, knowing as they have known that tickets were being sold, without rendering themselves blame-worthy and culpable under our law," according to a statement issued this afternoon by Attorney General Rankin. Following is the statement:

"The persistent rumor that Dempsey will not fight in Montana unless the last dollar of an unobtainable bargain is in his hands by July 2, if true, presupposes that the laws of Montana against obtaining money under false pretenses are important. "The state of Montana is interested in seeing that its people are not defrauded. Mr. Kearns and Mr. Dempsey cannot continue to sit idly by, knowing as they have known that tickets were being sold without rendering themselves blame worthy and culpable under our laws, unless every dollar is refunded the purchasers of tickets in event no contest takes place by reason of Dempsey's refusal to appear. "Champions and their managers must obey the law the same as the most inconspicuous citizens."

WORLD'S CHAMPIONS MAKE IT 10 STRAIGHT

BOSTON, June 28.—The world champions made it ten straight victories today by defeating Boston 4 to 2. John Scott, who started yesterday's game, went the distance today, holding the Boston team to eight hits. The score:

Club	R	H	E
New York	000	000	310-4 12 1
Boston	000	000	000-2 8 1

Scott and Snyder; Gowdy; Fillingim, Oeschger and O'Neill.

CHICAGO, June 28.—Cattle re-
ceipts 9,000. Uneven, generally
steady. Better grades matured
steers strong in spots, most year-
lings on catch as catch can basis.
Top matured steers \$11.00; beef
loads \$11.00 to \$11.50; bulk beef
steers and yearlings \$9.00 to
\$10.50; lower grades beef cows
and heifers sluggish at week's ex-
treme decline; bulls strong to 15
higher; vealers largely 25 higher-
er, spots more; stockers and feed-
ers dull 10 to 15 lower; bulk bo-
logna bulls \$4.50 to \$4.90; bulk
vealers to packers \$9.00 to \$9.75;
upward to \$10.75 to outsiders.

Hogs, receipts 10,000. Uneven
10 to 25 lower. Few early sales
sorted lights to shippers \$7.25 to
\$7.30; bulk good and choice 17.50
to 300 pound average late \$7.00
to \$7.20; packing sows mostly
\$6.00 to \$6.40; few desirable strong
weight pigs \$6.50 to \$6.75; lighter
weights \$6.50 downward, estimat-
ed holdover 16.00.

Sheep receipts 10,000. Gener-
ally active good and choice fat
lambs steady strong; bulk \$15.50
natives around \$15.25; top \$15.50
sheep steady; medium and hand-
weight ewes to killers \$5.00 to
\$6.50; breeders \$5.50 to \$7.00; ex-
treme heavies downward to \$3.50,
one deck breeding yearlings aver-
aging around 90 pounds \$11.00.

Subscribers to Illinois Woman's College Endowment Campaign Bring Dollars to Jacksonville

Four Dollars from Other Sources for every One Dollar raised Here

Here in Jacksonville since 1846 Illinois Woman's College has been preparing women for the largest possible usefulness and finest service.

It has grown by leaps and bounds. Its advancement in the last 12 years in beyond any thinking. It is over crowded, unable to increase the size of its student body, and needing to expand.

To secure adequate equipment, to assure the College its budget of expenses, it must have more funds—more endowment. **To maintain its present standard, educational and scholastic, it must increase its endowment.** In other words, any college that does not come up to one-half million dollars endowment cannot be accredited.

Illinois Woman's College must have \$500,000 by

July 3 or it will lose the conditional gift of \$133,000 from the General Education Board, aside from the fact that it will lose its place as an accredited college.

We are called upon to make it a bigger, better college by taking our share of this \$500,000 Movement. We are asked to show our interest in its expansion by way of our greatest possible contribution of time and service and our pledge in the largest possible figure, and quickly.

The \$100,000 asked of Jacksonville will not only assure adequate endowment but will ultimately provide a new Science Building on the campus.

The \$100,000 being asked of Jacksonville and vicinity now—this week—is imperative. Illinois Woman's College must complete its \$500,000 Movement by July 3.
